

You are invited to a special event

Rivers of Home

Meet
Mark Angelo

Well-known river champion and founder of BC Rivers Day

Mark Angelo has paddled the rivers of the world, from Bhutan to Brazil; but this evening will be devoted to the rivers of British Columbia, which he calls “the heart and soul of the province.”

This award-winning conservationist will guide us on a visually stunning whirlwind tour of BC's great river heritage. While many issues and threats confront our waterways, Mark will share with us some of the actions we can take as individuals and in concert to help protect and cherish them.

Join hosts West Vancouver Streamkeepers and North Shore Streamkeepers for an evening that will inform, amaze, and inspire us all with love for the rivers of home.
